**Racing Conditions for the Jug:**

The track retains the right to conduct either or both events in a single dash with 20 percent going to the race winner in addition to the 50-25-12-8-5 percent pay off. The Little Brown Jug Society, "Society", at its sole discretion, reserves the right to limit the race to eliminations and a final only. This action would be decided at the discretion of the Society thus potentially removing the possibility of the "if Necessary (third heat)". In the event the Society chooses to remove the "If Necessary" race from the program the 20% set aside monies will be added to the Final Heat Race and divided the same as the other monies.

Race sponsor shall determine the number of horses that will start in each division not to exceed 10. If one division the event will be raced two heats of one mile. Post positions for 2nd heat to be determined by order of finish of first heat. If separate heat winners, the heat winners will return to race the third and final heat. The winner must win two heats. Twenty percent

will be set aside for the ultimate winner, forty percent to the elimination heats and 60 percent to the final. Purse will be divided 50-25-12-8-5 percent each heat with the exception of the third heat if necessary. The track retains the right to conduct either or both events in a single dash with 20 percent going to the race winner in addition to the 50-25-12-8-5 percent payoff.

**Eliminations for the Jug:**

If the field is divided into two groups, 20 percent of the total purse will be set aside for the race winner. The remaining 80 percent will be divided as follows:

The first division will race for 20 percent of the remaining purse and the second division will race for 20 percent of the remaining purse. The first four horses in each division will qualify for the second heat, which will be raced for 60 percent of the remaining purse. Post positions for the second heat to be determined by order of finish and blind draw of divisions. If after the second heat no horse has won both heats, a third heat shall be raced of only the heat winners. The race winner shall receive the 20 percent set aside. Although only four horses return out of the first and second divisions, five monies will be paid each and every heat except the third if necessary heat. The all monies will be divided 50-25-12-8-5 percent with the exception of the third heat.

**Special Elimination Conditions for the Jug:**

If there are three divisions, then three elimination heats will be held. Five monies will be paid in each elimination heat, but only three from each elimination heat will return for the second heat. Post positions for second heat to be determined by order of finish in divisions and blind draw of divisions. Only heat winners will return for the third if necessary heat to determine the race winner. Twenty percent of the total purse will be set aside for the race winner. The remaining 80 percent will be divided as follows:

The first three elimination heats will be raced for 40 percent of the remaining purse, divided into equal shares of one third each. The second heat will be raced for 60 percent of the remaining purse. If after the second heat, no horse has won two heats, a third heat shall be raced of only heat winners to determine the race winner. The race winner shall receive the 20 percent set aside. The track retains the right to conduct the event in divisions, with each division racing for an equal share of the purse. Twenty percent of the total purse would go to the winner of the fastest heat and said heat winner would be declared the race winner. All heats will be paid 50-25-12-8-5 percent.
